LAKELAND LEISURE ESTATES

## Description

Step into a world where modern luxury and nomadic lifestyle converge on the waves. The 2024 Eurocruiser, an exquisite 60ft x 12ft 6" wide beam vessel, offers a distinctive floating home experience for those with a penchant for adventure and a taste for the finer things in life. Crafted for full-time, VAT-exempt living, this light grey beauty is designed to deliver both comfort and mobility without compromise.

Constructed by the esteemed Collingwood Boat Builders Ltd, this Eurocruiser stands as a testament to superior maritime engineering. Its robust hull is adorned with a state-of-the-art, light grey 2-pack Epiphanes external paint coating, which not only enhances its aesthetic appeal but also promises increased longevity and durability. The thoughtful reverse layout starts with a well-appointed galley at the stern, seamlessly flowing into a spacious saloon, followed by a luxurious bathroom, and culminating in a serene bedroom at the bow. This layout maximizes the use of space and provides an intuitive living arrangement that feels both expansive and intimate.

At the heart of this vessel lies a powerful Canaline 60hp engine coupled with a PRM 150 gearbox, designed to propel you smoothly through both tranquil and challenging waters. Adding to the ease of navigation is the Vetus 95KGF bow thruster, which makes docking and manoeuvring in tight spots as effortless as a gentle breeze.

The galley, a culinary haven, is equipped with top-tier appliances such as a full-size washer/dryer, separate fridge and freezer, and a 4-burner hob alongside an oven and grill. A dishwasher and a wine cooler add a touch of sophistication, while the white granite breakfast bar and matching worktops offer a sleek, clean look that complements the natural light from the adjacent side hatch.

Transition into the saloon and you'll find a spacious area adorned with a large sofa that doubles as an extra sleeping berth. A Morso solid fuel stove adds a cosy ambiance, perfect for chilly evenings on the water. Entertainment options abound with a 40" LG Smart TV and Panasonic theatre sound bar, surrounded by ample shelving and storage options that ensure a tidy and homely environment.

The bathroom offers a retreat reminiscent of a high-end spa, featuring a double-sized glazed shower, dual washbasins, and a sophisticated ceramic pump-out toilet, surrounded by generous storage space for all your necessities.

The bedroom, a sanctuary of tranquillity, boasts a full-size double bed flanked by bedside units and is enveloped by floor-to-ceiling mirrored wardrobes and a large dressing table, offering ample space for personal belongings. Glazed hardwood doors offer a private exit to the well deck, allowing for moments of quiet contemplation or a breath of fresh morning air.

The 2024 Eurocruiser is not merely a boat; it's a lifestyle choice for those who dream of living on the water without sacrificing the comforts of a modern home. It stands ready to whisk you away on a life of adventure, luxury, and unforgettable memories on the open water. Whether docked or exploring the myriad of inland waterways, this Eurocruiser promises a life less ordinary and a home beyond compare.
