Pukeko - Cruiser

Price: £50,000

Key Features

Berths:	4
Length & Type:	50ft Cruiser
Year:	2006

Description

Welcome aboard Pukeko, a striking 50-foot cruiser narrowboat that combines elegance, comfort, and functionality. Crafted in 2006 and lovingly maintained, Pukeko showcases a beautifully balanced interior adorned with warm pine and light oak wood, creating a cosy and inviting atmosphere. This boat is equipped with cratch and pram covers for extra protection, 12v lighting for efficient illumination, and 240v sockets throughout to power all your essential appliances.

The galley is a culinary haven, expertly designed for both form and function. Traditional undercounter wooden cupboards and drawers are not only visually appealing but also provide ample space to store your cooking utensils, ingredients, and other kitchen essentials. The gas oven and hob are perfect for preparing delicious meals, whether you're whipping up a quick snack or a gourmet feast. The 12v fridge-freezer keeps your groceries fresh and your beverages cold, ensuring you're always ready for a meal or a refreshing drink. The sink with a drainer makes washing up a breeze, with plenty of space to dry dishes. Additionally, steps leading to the side hatch offer easy ventilation and a quick route to the outside, ideal for bringing in fresh air or stepping out for a moment.

The lounge area is a sanctuary of relaxation and entertainment, perfect for unwinding after a day on the water. The large sofa bed provides a comfortable spot for lounging during the day and transforms into a cozy bed at night, making it perfect for guests. Two built-in corner units offer practical storage for books, games, or decorative items, keeping the lounge tidy and clutter-free. Direct access to the bow enhances the living space, allowing for an easy flow between indoor and outdoor areas. The multi-fuel stove adds a charming focal point to the lounge, providing both heat and a cozy atmosphere on cooler evenings.

The master bedroom is a private retreat designed for comfort and convenience. The double bed features built-in storage underneath, maximizing space while ensuring a restful sleep. A built-in wardrobe provides plenty of space for your clothing, ensuring everything is neatly organized and within easy reach. Overhead storage with reading lights and a stereo system creates a delightful nook for reading or listening to your favorite tunes. Steps leading to the stern provide a convenient exit, making it easy to move between the bedroom and the rest of the boat.

The bathroom is a well-appointed space that combines practicality with a touch of luxury. The sink with a vanity unit offers both functionality and elegance, providing storage for your toiletries and a clean, modern look. A large porthole mirror adds a unique nautical touch, reflecting light and enhancing the sense of space. The pump-out toilet is easy to use and maintain, ensuring comfort and convenience during your travels. The shower unit with shelving provides ample space for all your bathing essentials, making it easy to keep everything organised and accessible.
